Welcome and Introductions

Overview of Sudbury Master Plan

Small-Group Discussion

1. What current and future issues were missing from the opening presentation?
2. What local initiatives/projects (public and private) or policies are having a positive impact in Sudbury? What are the positive impacts?
3. What initiatives/projects/policies have not had the outcome anticipated and need to be revisited? Why have they not been successful and what could be changed?
4. What are some new strategies/projects the Town should consider?
