

AGENT ORANGE

TOWN HALL MEETING FOR VIETNAM VETERANS

Do you have questions about Agent Orange?

It has been over 55 years since its first use and Vietnam Veterans are still uninformed about the issues and the diseases they may have because of exposure to Agent Orange in and around Vietnam.

This program will review issues and diseases caused by Agent Orange exposure, benefits you may be eligible for, question and answer periods. Veterans' claims officers will be on hand to make appointments with you and your dependants. Even if you're already 100% Service Connected Disabled you should attend. If you lost a loved one to Agent Orange exposure you are also welcome to attend.
